

JOB DESCRIPTION:

Southern Therapy Services, Inc./FYZICAL seeks a Pediatric Occupational Therapist for a full-time position at our outpatient clinic in Carrollton, GA. The ideal candidate will be enthusiastic and have a passion for helping children with a variety of issues, such as physical, cognitive, sensory, and emotional development. The candidate will play an integral role in our growing outpatient pediatrics program. As a pediatric occupational therapist, you'll be able to help kids with disabilities, chronic illnesses, developmental delays, and more. A pediatric occupational therapist job is incredibly rewarding, as you'll be able to make a positive difference in a child's life.

We are a leading provider of rehabilitation services in the West Georgia area. With 45+ years of experience, we are a values-driven, therapist-owned organization seeking to provide the highest caliber of rehabilitation services possible. We offer multiple services to nurture clinical areas of interest and enhance skill levels in numerous settings, including but not limited to orthopedics, adult neuro, vestibular rehab, balance/fall prevention, pediatrics, (and more) within the outpatient, acute care, home health, or school-based therapy departments. We are a proud franchise member of FYZICAL Therapy and Balance Centers, allowing specialty training, including orthopedic and balance certification pathways.

When you join our family, you will enjoy an incredible career opportunity offering competitive compensation and a comprehensive benefits package that includes:

- COMPETITIVE SALARY
- HEALTH, DENTAL, & VISION INSURANCE
- LIFE INSURANCE
- SHORT/LONG-TERM DISABILITY
- 401K (WITH MATCH)
- GENEROUS VACATION DAYS WITH PTO ACCRUAL
- FREE CONTINUING EDUCATION OPPORTUNITIES
- MENTORSHIP PROGRAM, AND MORE!

JOB SUMMARY:

- Responsible for managing an assigned caseload of patients and coordinating care with multiple disciplines, physicians, and community resources to ensure that each child receives tailored, evidence-based interventions.
- Conducts evaluations, modalities, and treatments to restore function, relieve pain and prevent disability following illness or injury.
- Designs and administers treatment programs to increase patients' levels of functioning. Uses therapeutic exercises and activities to improve or maintain strength, range of motion, and fine motor coordination. Instructs patients in adapted techniques and adaptive equipment for meal preparation, home management, dressing, feeding, and other self-care skills. Trains patients in the use of upper-extremity prosthetic devices to resume previous daily routines.
- Communicates effectively with other professionals and support staff to achieve superior patient outcomes.
- Caseload can include children with sensory processing disorders, high-functioning autism, ADHD, dyspraxia, and developmental coordination disorder.
- Responsible for timely documentation, including but not limited to daily notes, progress reports, initial evaluations, discharge summaries, etc.
- Practices in compliance with professional knowledge and clinical practice standards in accordance with the agency's policies and procedures, laws, and regulations of Medicare, Medicaid, and other third-party payers.

JOB REQUIREMENTS:

- You will need to hold a Bachelor's Degree (or higher) in Occupational Therapy.
- Must have an active Georgia Physical Therapy License or be eligible for licensure in Georgia.

- BLS Certified by the American Heart Association.
- New graduates are welcome to apply.
